

## Nanouptake: participation in ICNF2019 congress (Castelló, June 2019)

All Nanouptake participants who want to attend the conference **must register** [here](#), indicating their type of Nanouptake participant (see options and figure below).

### 1) TYPE OF NANOUP TAKE PARTICIPANT

#### A. Members of Management Committee (MC)

- **Granted members:** Up to two MC members (initially MC members and then MC substitutes) per country are granted by Nanouptake. In these cases, travel, accommodation, allowances expenses and gala diner are funded by the project. Registration fees are voluntary.
- **Not granted members:** Third or more members of MC per country are not granted by Nanouptake. In these cases, travel, accommodation, allowances expenses and gala diner are not funded by the project. Registration fees are voluntary. They can always apply as “B. Rest of Nanouptake members” and following the ICNF2019/WG Nanouptake rules and, if applicable, become Nanouptake granted members.

## B. Rest of Nanouptake members

- **Granted members:** Shortly, the Nanouptake rules for participating in the ICNf2019 and WG meetings will be published. The beneficiaries of these two activities, will be granted members, being mandatory to submit a paper to ICNf2019. Travel, accommodation, allowances expenses and gala dinner of this people are funded by the project. Registration fees are voluntary.
- **Not granted members:** Depending on applications and due to budget limitation, maybe not all the Nanouptake participants willing to participate in these activities could have their expenses covered by the project. In these cases, travel, accommodation, allowances expenses and gala dinner are not funded by the project. Registration fees are voluntary.

## 2) REGISTRATION FEES AND OTHER PAYMENTS (see figure below)

- All Nanouptake participants will have free admission to the oral and poster sessions. However, voluntary payment is allowed and welcome to increase the limited Nanouptake budget so that more Nanouptake participants can be granted.
- Coffee breaks, lunches and gala dinner will be covered to all Nanouptake granted participants and also for those doing voluntary registration payment. For the rest of the cases (not granted with no registration payment) a registration of 120€ to have these meals included should be done.

Due to the Nanouptake budget limitations, and in order to grant as many Nanouptake participants as possible to the ICNf2019, we would like to encourage as many people as possible to make voluntary registration payments. With this additional budget, we could increase the limited Nanouptake budget and grant more Nanouptake participants. The institution logos of the Nanouptake participants will be included in the sponsor section in the proceedings book, in the website and in the conference programme.

Please do not hesitate to contact me with any comment or question about this.
