## WG#2 bring together 49 researchers from 15 countries

The second meeting of Nanouptake Working Groups, hosted by Universidade de Lisboa, was held from 27 to 28 March 2017. During these days, specialists from universities, research centres and enterprises, shared their last works and discuss about the possible contributions of science for the application of nanofluids in heating, cooling, storage and boiling & solar.

## Launch of the STSM for the 2nd Grant Period

The first call for Nanouptake Short Term Scientific Missions (STSM) is open from 3 May to 5 June 2017. STSM have a duration between 5 working days to 3 months and allow scientists to go to an institution in another COST country to foster collaboration, to learn a new technique or to take measurements using advanced instruments and/or methods.

## ESNf2017 Call for abstracts

The abstract submission deadline for the 1st European Symposium on Nanofluids (ESNf2017) is 15 May. The ESNf2017 will be held from 8 to 10 October 2017 in Lisbon and it will be focused on fundamentals and applications of nanofluids, molten salts and liquid based nanosystems. Book of abstracts will be published in a special issue of JCR journal.

## From the 1st to the 2nd Grant Period

The Budget Plan and the Working Plan for the 2nd Grant Period has been signed by COST Association and the Grant Holder, starting 1 May 2017 and finalizing 30 April 2018. Based on the experiences and outputs of the 1st Grant Period, Nanouptake will facilitate the networking to develop and foster the use of nanofluids through STSM, TS and WG.
