## European Night of Research

Nanouptake participated in the European Researchers' Night, an event promoted by the Valencian Regional Government. A total of 25 entities have joined the 1st European Researchers' Night in the Valencian Community and have organised more than 60 proposals in more than 30 venues.

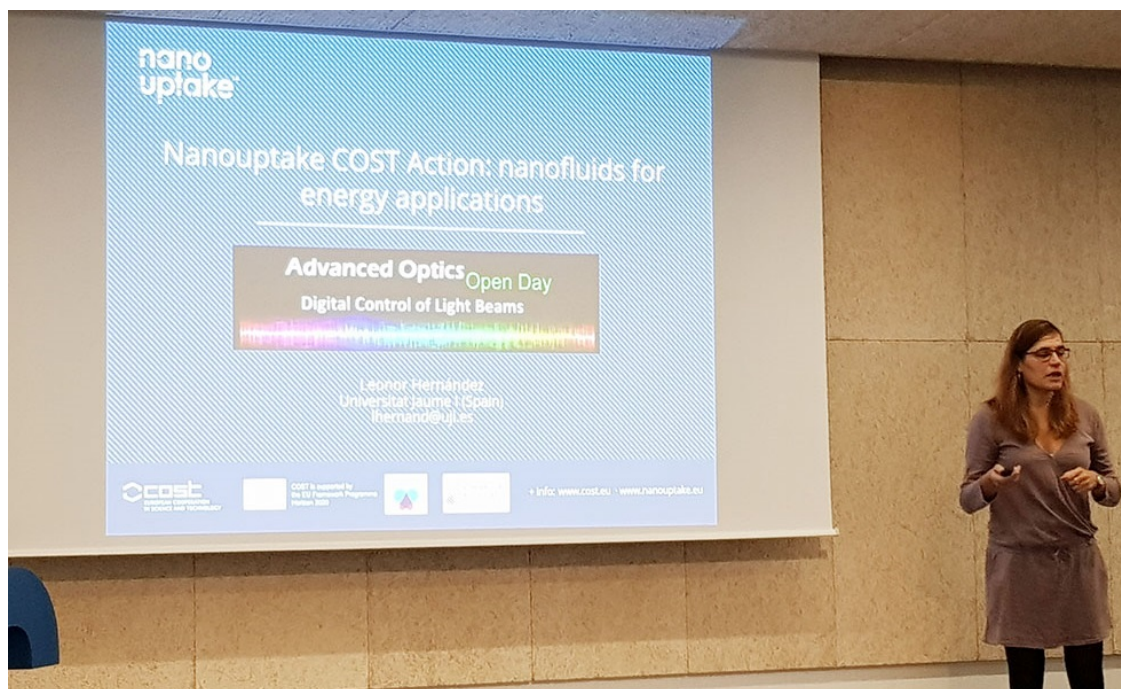

The programme of scientific dissemination actions offered micro-dialogues with researchers from the UJI with projects financed by the European Commission including researchers from the network Nanouptake.

## Nanouptake in the Advanced Optics Open Day

Nanouptake participates in the joint session Advanced Optics Open Day to strengthen scientific collaborations with research groups. The main topic of the meeting this year was the development of new physical models, algorithms and experiments in computational optics for advanced light control and manipulation.
