Final Strategic Meeting

On February 7th, 2020, the Final Strategic Meeting of the European COST action Nanouptake was held in Leeds (United kingdom).

In this meeting, research staff met to discuss sustainability actions of the Nanouptake network and future joint projects about nanofluids.

COST Innovators' Grant Hearings – 2 March

New joint project: "Nanofluids for convective heat transfer devices"

The Nanouptake network proposal "Nanofluids for convective heat transfer devices (CIG-15119)" has been one of four selected in the COST Innovators Grant (CIG) call by Committee of Senior Officials (CSO). The chair of this project is Dr. Matthias Buschmann (ILK, Dresden, Germany).

COST Innovators Grant activities funded under the pilot scheme will run from 1st May 2020 until 30th April 2021.

Project closure

During Nanouptake's 4 years of life, the network has expanded to 25 countries doing many activities. Among them, highlight 76 Short Term Scientific Mission (STSM), 17 ITC Conference Grants, 3 Training School, 11 meetings, etc. involving 540 participants.

You will shortly receive a survey by email, so that you can provide us information of high importance for the correct final justification of the project. We thank you in advance for your kind contributions.

The Nanouptake team wants to thank all the participants for their involvement in the project and the enriching experience. For this, he has created this video:
